WHY NOT GO TO CHURCH?

Few persons think things through.

If everybody reasoned this matter of church-going to its logical conclusion there would not be many vacant pews, and a widespread demand for more churches would

Christian church is absolutely necessary to our civilization. If its existence were threatened, the great mass of the people would fight for it.

would quickly pass out of existence. Every non-attendant open religious services virtually votes for the elimination of the institution from society.

If a person believes that the world needs the church, he has but one clear, unmistakable and unanswerable way of stating his position. That is by regular church attend-

church stands for the best things. The church-goer lines up with the forces which make for righteousness. He is on the side of the people who want to live the nobest lives themselves, and who are trying to help this needy world to do the same. The most efficient agency of human service on earth

They who would make their lives count should be counted among those upon whom the church may count.

The reason is simple: People do not stay away from church because they are opposed to religion or to the church. Far from it. Nearly everybody believes that the
